Roles of the committee:

General Committee Member:

Committee members play a crucial role in supporting the committee's goals and activities.

- Participation: Actively attending meetings and contributing to discussions and decision-making processes.
- Collaboration: Working with other members to achieve the committee's objectives and foster a cooperative environment.

- **Research and Preparation:** Preparing for meetings by reviewing materials, conducting research, and bringing informed opinions to discussions.
- **Task Completion:** Taking on specific assignments or projects as agreed upon during meetings, ensuring tasks are completed on time.
- **Feedback and Ideas:** Providing input, feedback, and creative ideas to help shape the committee's initiatives and policies.
- **Representation:** Serving as a liaison between the committee and the broader organisation or community, communicating relevant information and concerns.
- **Accountability:** Upholding the committee's standards and values and holding themselves and others accountable for actions and decisions.

By fulfilling these roles, committee members contribute to the committee's effectiveness and success.
